

Chattering Children

4880 MacArthur Boulevard, N.W., Washington, DC 20007 • Tel: 202 333 1403 • Fax: 202 333 1404

Chattering Children is searching for a pediatric audiologist with at least five years experience in cochlear implant programming, pre and post implant assessment, hearing aid selection, verification, troubleshooting, and consultation. Additional services include Auditory Processing Disorder evaluations, parent support and counseling, multi-disciplinary teaming, as well as longitudinal research and data collection.

Chattering Children is a non-profit clinic providing an array of services for individuals with hearing loss in the community. Housed in The River School, our clinical team includes professionals with training in audiology, deaf education, speech language pathology, psychology, and occupational therapy.

Please visit www.chatteringchildren.org for more information on our program. If interested, please submit your resume to mouellette@chatteringchildren.org
